1. The first step in placing a U BORROW request is to verify that the University of Florida Libraries does not already own a copy of the item you want to request.
2. Verify using the [UF catalog](#) that UF does not own the title, or the items displayed are not the particular item you're seeking.

3. After verification, look in the top right corner of the search results and you'll see a link that says "Show ___ items that you can request statewide U BORROW." (This number will change based on the number of copies there are available in the state of Florida.) Click this link.
4. This will bring you to the Florida Academic Library Services Cooperative (FALSC). This catalog is showing the results for the item you searched for that are available in Florida.

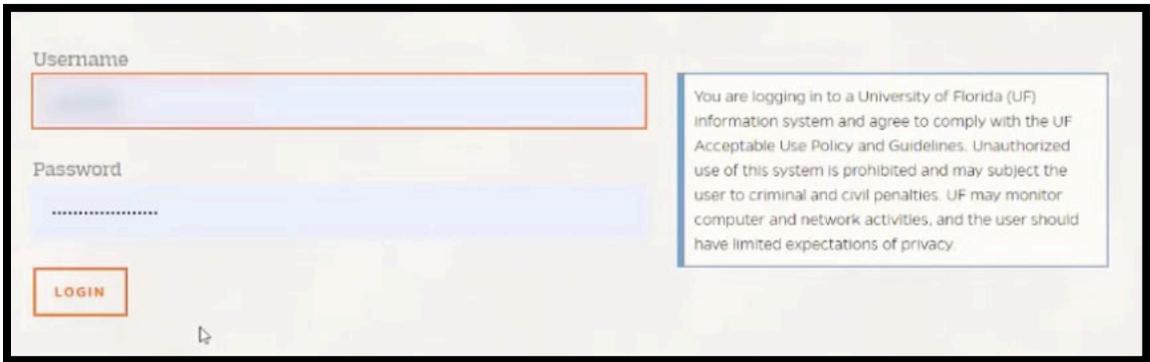

5. Use the options on the left to narrow your search by specifying that you are searching for a book, rather than a DVD or microfilm. Click “Apply to search” at the bottom of the column.
